

JOB ADVERT

Graduate EC&I Engineer

Competitive Salary

Knutsford, Cheshire with hybrid working

Stopford have an exciting opportunity for a Graduate EC&I Engineer to join the team to work on interesting and innovative projects with highly skilled professionals who are constantly striving to deliver excellence and best practice.

As a new graduate, this is an excellent opportunity to develop your knowledge, skills and experience and work towards chartered status with mentoring and development opportunities.

The position of Graduate EC&I Engineer is part of the Projects group and is a full time, permanent position. Your time will primarily be based at our office at Knutsford with occasional visits to attend site surveys when required.

Reporting to the Lead EC&I Engineer, the EC&I Engineer will produce EC&I deliverables in accordance with relevant engineering standards and best practices. The Lead and Senior EC&I Engineers shall provide close mentoring to develop skills in accordance with business needs.

Key responsibilities will include:

- Produce EC&I deliverables with supervision.
- Ensuring deliverables produced as per Stopford's quality management system and procedure.
- Participate in and contribute to design reviews.
- Coordinate with other engineering disciplines as and when required.
- Attend site surveys when required.

The Company

Stopford is an international energy and environmental engineering company, our professional services span Consultancy, Technology & Innovation and Project Delivery. We are an industry leader with a portfolio spanning research and development through to design and commissioning of process, power, and renewables technology. With a worldwide clientele in emerging and existing industries, we provide a full range of project management and engineer services from concept to full EPC(M).

Employment at Stopford brings many benefits including:

- Competitive salary
- Profit related bonus payment (10%)
- Pension (5% employer and 5% employee)
- 33 days holiday (inclusive of bank holidays)
- Additional day off to celebrate your Birthday
- Private medical insurance (including dental and optical cover)
- Employee assistance programme
- Free on-site parking
- Reimbursement of professional membership fees
- Long service awards

To be successful in the role of Graduate EC&I Engineer you will have:

- Ideally educated to a degree level, with a degree in a relevant engineering discipline.
- Excellent problem solving and organisational skills.
- An understanding of electrical principles, codes and standards.
- Working knowledge of Office 365 including One Drive and Sharepoint with proficient use of Word and excel.
- Be prepared to work towards chartered status.
- Experience using 2D AutoCAD package beneficial.
- Eligibility to live and work in the UK.

Please go to our website for a full job description to familiarise yourself with all of the responsibilities, skills and experience required before you apply.

Please note that we do not accept applications from agencies, and you must be eligible to live and work in the UK.

We look forward to receiving your CV for the post of Graduate EC&I Engineer.

Closing date: 15 September 2024

Stopford reserves the right to bring forward the closing date if we receive a suitable number of quality applications from which to make a shortlist. Therefore, we would recommend that you apply as soon as possible.

Please note that due to the volume of applications we receive we are unfortunately not able to respond to each applicant. If you have not been called for interview within 3 weeks of the closing date, you should assume that on this occasion your application has been unsuccessful.
