

Quality Policy Statement

Stopford is a leading multi-disciplinary engineering, design, environmental and project management company. Our professional services are delivered through three service groups: Consultancy, Projects and Technology & Innovation.

Our mission statement:

What we do... We provide consultancy, project management and environmental technology to a worldwide clientele.

What we value... Professionalism, equality, fairness, co-operation, and unrivalled expertise.

Our ambition... To lead the way in engineering a sustainable world towards a low-carbon economy.

The primary objective of our company is to provide leading engineering and environmental services that meet or exceed our clients' expectations. To achieve this objective, we have implemented a quality management system that meets the requirements of ISO 9001:2015

We are committed to meeting our clients' requirements and all laws and regulations that are relevant to the services being delivered through our quality management system.

We set measurable objectives and targets to ensure the effectiveness of our quality management system.

Our quality management principles are customer focus, leadership, engagement of people, process approach, improvement, evidence-based decision making, relationship management.

We never compromise on the safety or quality of our services.

It is the company's policy to ensure that all employees are fully cognisant of the requirements of our quality management system and are appropriately trained to ensure its continued effectiveness.

We are committed to the continuous improvement of our quality management system which is reviewed on a continual basis to ensure its suitability.

Our Board of Directors gives its full support and commitment to this policy.

Signed on behalf of Stopford Energy & Environment

Prith Rajendran

Managing Director
